

WiseEnergy will attend RE Assets India | 6 - 7 February 2019, New Delhi

RE Assets 2019 is the largest event focused on detailed technical and business aspects of solar and wind energy Operations and Maintenance and Asset Management.

The event draws an especially senior audience, comprising of over 250 senior decision makers from government institutions, project developers, investors, consultants, manufacturing industries, consulting firms, financial institutions, solar EPC companies, equipment manufacturers & service/technology providers in the RE segment.

Victoria Ramsden, Acting Managing Director WiseEnergy India, is going to attend the Conference as a speaker.

It is expected to see exciting & engaging discussions on Asset Management, Business Strategies, Technical Challenges faced by the Industry, the fast-evolving business models, financial structures, changing business scenarios, new opportunities, technology advancements and policy developments driving this 40 GW solar industry. Given the strong innovations that the industry is showing in RE asset management space, this will be a very exciting year for the conference.

The 2019 edition is powered by WiseEnergy.
